

## THE WORLD OVER

FINAL STANDING IN  
MANITOBA VOTING

The final standing in Manitoba provincial elections held last week, is as follows:	
Liberal-Progressives elected	22
Conservatives elected	20
Social Credit elected	5
C.C.P. elected	6
Independent elected	8
Communist elected	1
Deferred	2

### MT. WADDINGTON CONQUERED

**KNIGHT INLET, B. C.**—The main peak of Mount Waddington, hitherto considered unquarable, was climbed on July 21 by Fritz Wiesner, New York, and William P. House, Pittsburgh, it was learned Friday.

The two climbers at 3:40 p.m., reached the summit of the peak, whose 13,800 feet of perilous rock and ice have turned back 16 attempts on it and claimed one life. Two days after the King of the Coast Range had defeated the efforts of British Columbia and California climbers.

The feat it believed to be without parallel in the annals of North American mountaineering.

### CARRYOVER OF WHEAT IS LOWEST IN EIGHT YEARS

**OTTAWA**—Canada last week ended the 1938-39 crop year with the lowest wheat carry-over in eight years and indicates its current crop of the golden cereal will be the smallest in 12 years at least.

As drought continued to scorch the prairie farm authorities estimated the carry-over at between 110,000,000 and 115,000,000 bushels and this autumn's harvest at less than 250,000,000, a figure below those of all intervening years since 1924, when farmers reaped 235,000,000 bushels.

Declaration that the current crop would be considerably less than 250,000,000 bushels came from Dr. E. S. Archibald, director of the experimental farms in a pronouncement at Fredericton.

### LOUIS BLERIOT DIES IN PARIS

The news of the death of Louis Bleriot, French air pioneer, who died in Paris on Saturday, August 1st, was received with regret here by the old timers of the district, who knew the famous French aviator when he lived at Bleriot Ferry with his brother, Andrew Bleriot, in the early days of the Munson district.

Andrew Bleriot homesteaded six miles west of Munson, locating on a homestead immediately adjoining the Red Deer River, where he had a small bunch of cattle. This was over thirty years ago, and where his farm adjoining the Red Deer, a ferry was built and named Bleriot Ferry.

The ferry, which is six miles west of Munson is still known as Bleriot Ferry. The Bleriot brothers were the youngest men when they came to the Munson district, and while Andrew remained there, Louis returned to France to make a name for himself in aviation circles.

## TRAIN DRAGS CAR ALONG TRACK FOR A DISTANCE OF 150 YARDS; THREE HURT

A car driven by Guy Crowell and containing six passengers was struck at the Nacmne crossing by the Canadian Pacific Railway mixed train about 3:45 o'clock Tuesday afternoon and was dragged along the track for a distance of some 150 yards, and all passengers escaped either unhurt or with slight bruises or shock, although the car was wrecked.

Crowell was coming into Drumheller with his mother Mrs. E. C. Crowell, his sister May Crowell, and his sister-in-law Mrs. H. H. Crowell and her daughters, Gladys, aged six, and Marjell aged three. He did not notice the train approaching, as Charles Farge, moving contractor, was moving the Nacmne Hotel and it was just opposite the crossing.

Crowell stopped his car on the crossing as a cable and blocks were being used at that point. He claimed he did not hear the train whistle due to the noisy machine being used to move the hotel. His front wheels got on the crossing when the engine stalled.

This is the first time his niece Gladys and himself got out to see what the commotion was while his mother Mrs. H. H. Crowell and Marjell Crowell were in the rear seat. The engine of the train caught the right side of the car and dragged it 150 yards before the engineer could bring the train to a stop. The three in the car were not seriously injured, while Mrs. Crowell Sr., appeared the coolest one present, according to those who witnessed the accident.

Mr. Farge, when he saw the car stalled on the crossing and the train coming in the track and saved for the passengers to get out of the car, and endeavored to attract the attention of the engineer. The engineer was W. H. Harding, while the conductor of the train was J. M. McAlpin. The engineer not only blew for the crossing, but drew back as fast as he could. Constable C. F. Gibson, of the Royal Canadian Mounted Police rushed to the scene of the accident and took the injured to the city, where they were attended by Dr. W. N. Gourlay.

—The Albertan

### BERLIN OLYMPICS FOR JAPAN

**BERLIN**—The award of the 1940 Olympic Games to Japan over the determined bid of Finland Friday climaxed a rapid flow of events prefacing the formal opening of Germany's elaborately planned 11th Olympiad.

While dress rehearsals played the way for the games to Japan over the elaborate sports show, the International Olympic committee decided the next games would go half way around the world four years hence, voting 36 to 27 in Japan's favor.

### W. A. BRAISHER APPOINTED ISSUER OF STAMPS

The Government of the Province of Alberta has issued a list of the persons throughout the province who have been appointed issuers of stamps to be used on the Prosperity Certificate.

The following are a list of the issuers in the Drumheller constituency: A. E. Patton, Three Hills; P. Tricker, Swallow; W. A. Braisher, Carbon; A. Wheeler, Acme; R. Lantz, Drumheller; C. J. Erickson, Borden; M. N. Hewitt, Elkton.

## GOVERNMENT TO REDEEM CERTIFICATES MONTHLY

**EDMONTON**—Prosperity Certificates will be redeemed by Alberta's Social Credit government on certain days every month beginning with September 1st, and the government will accept certificates in payment of provincial sales tax, it was announced on Monday of this week. It understood the redemptions were limited to the wholesalers, producers and possibly retailers.

Wide distribution of the first issue of certificates imminent, Hon. Lucien Maynard, Minister without Portfolio in charge of Social Credit, revealed the government had been authorized by order-in-council to cash certificates for payment on the Thursday, Friday and Saturday following the second Wednesday of every month, starting with September.

## LETTERS TO THE EDITOR

The Editor, The Carbon Chronicle.

Dear Sir,

As more rumors spreading around the town that I have been seen entering the house of Mr. Sandy Reid which I have been seen on the premises of Mr. Reid, it has been for the purpose of rendering aid. As they are unable to do this for them and I do the best I can. As the law forbids a person to enter this house while under quarantine, I am obliged to do so.

I deny any of these rumors as do the rest of the members of Mr. J. Skerry's family about whom rumors are being circulated.

Frank Emery

### BICYCLE TRIP LEADS TO BUSINESS CHANCE

When a man, at 63, goes bicycling, it means that the spirit of adventure is still alive. W. G. Winter who has been seen on the premises of a leisurely trip through British Columbia. Preferring the little-travelled paths to the main traffic arteries, Mr. Winter bought himself a bicycle. It was to be a vacation, nothing more, he assured friends when leaving, but bicycling through picturesque hills reminded him of his native England.

Vernon, B. C., captivated him—so much so—that before returning he had decided to pull up stakes and start his business life anew in the quiet atmosphere of Vernon.

Before leaving Vernon, Mr. Winter who now lets grass grow under his feet, had leased suitable premises rented a home in the residential district, and made full preparations to lay the foundations for a new business.

Mr. Winter's new venture, which will be on a modest scale, belongs to his daughter, Miss Ivy Winter, member of the Bank of Montreal staff at Medicine Hat, who resigned her post to go into partnership with her father.

Mr. George Winter, who remains here, was the first undertaker to open an establishment in Drumheller. He will retain the present premises on Centre Street North. —Drumheller Paideander

**THE "SOFT ANSWER"**—An angry customer, with profs of his temper, graph, shouted at the photographer: "Do I look like this picture? Have I a squint, and do I look like a prize-grabber? I ask you, is this a good likeness?"

The photographer timely replied: "The answer, sir, is in the negative."

## SPORTS

### CARBON WINS AT TROCHU

Accompanied by a large number of fans, the Carbon ball team played its first game with the Trochu nine at Trochu on Wednesday evening of last week.

A good game was played and in the spite of a few errors on the part of the local team they won the game by a 4-1 score.

The return game was played on Sunday, a report of which follows.

### CARBON WINS FROM TROCHU

In a close ball game played here on Sunday, August 2nd, Carbon emerged as the long end of a 6-3 score.

"Babe Mathers" pitched a hot ball for Carbon, allowing only seven strikes and his striking out twelve Gribbling, for Trochu, all runs. Gribbling, for Trochu, all runs. Gribbling struck out eight men.

Carbon took the lead in the second inning and was never headed. Three more runs were scored in the third, to make the score 4-0. Trochu scored one run in the fourth and two in the sixth to make it 4-3. The game went scoreless until the eighth, when Carbon scored two more runs. Trochu was unable to score in their half of the ninth and the final result was 6-3. Lineup of teams were:

Carbon: Trepanier, Mather, Nash, Watt, Ramsey, Moele, Fuller, Wood, and Lemay.

Trochu: Roberts, Gribbling, J. Hann, Goss, Audin, H. Hanna, Nemie, Gering and I. Hanna.

Carbon: . . . . . 013 000 028-6  
Trochu: . . . . . 000 102 000-3

### Carbon Wins From Black Hawks

Carbon played the Southern Black Hawks on Wednesday, July 26th at the local diamond and in a seven inning game won by a 6-5 score.

Harry Moele pitched for Carbon and while not in the class of "Babe" Mathers, he held down the Southern boys pretty well. For the Black Hawks Braunerger, while not a colorful pitcher played a good game and if he had played in the box the southern boys might have won.

The following were the lineups:  
Black Hawks: D. Tate, P. Braunerger, J. Braunerger, T. Schell, E. Tate, R. Becker, D. Aton, S. Becker, and T. Becker.

Carbon: L. Trepanier, R. Mathers, R. Wood, B. Ramsey, R. Moele, H. Moele, R. Lemay, P. Dody.

## PROTECTION OF STOP SIGNS URGED ON MUNICIPALITIES

Protection of stop signs or markers on various streets and highways is being emphasized by officials of the Alberta Motor Association.

Attention has been drawn to the fact that these signs have been damaged or defaced at some points, making them of no use whatever for purposes for which they are intended.

Civic authorities in some parts of Alberta are repairing or replacing signs which have been damaged or destroyed. But there still are some which have not been put in proper shape. At some points, signs which were removed by some mischievous persons have not been replaced.

Violating motorists in particular are likely to be on a keen lookout for highway signs. When these have been damaged, it means that fresh highway traffic hazards have been created, possibly resulting in serious accidents.

Municipal and other authorities are urged to see that highway signs are kept in proper shape, especially in view of the general feeling that motor tourist traffic this year will reach an unprecedented volume.

Drastic action in dealing with culprits who have been found guilty of defacing signs undoubtedly would prove a strong deterrent to the practice.

Another suggestion is that highway markers should be placed to a greater extent at points where there is any feeling that they would be of value and make for safer driving in this province.

### GRAVELLING OF ROAD CUN- TINUES AT RAPID PACE

Gravelling of the 16-mile stretch of highway between roads nine and 31, through Carbon, is continuing this week and is gradually nearing completion. The trucks are handling about a mile a day and by the end of the week there should be very little of the road to be surfaced.

## E. P. FOSTER OUTLINES "PROSPERITY BONDS"

In order to explain the purpose and use of the "Prosperity Bonds," which have been issued by the Provincial Government in payment of road work in this constituency, Mr. E. P. Foster, M. L. A., met with the business men of Carbon in the Farmers' Exchange Hall last Wednesday afternoon.

In the course of his explanation Mr. Foster said that \$250,000 worth of bonds would be issued by August 1st, and that the Provincial Government had backed their bonds up in Dominion bonds, thus giving them the same credit to protect to the full face value.

The certificates will be issued in five \$5 and \$10 denominations, and in view of the speaker stated that they should be passed out in change, and he did not believe that the merchants would meet with any difficulty in having them refused. In this way, they would not collect a great deal of certificates in one day, and by holding back they could pay the whole certificates.

The bonds must be kept circulating among the people if the scheme is to be a success, stated the speaker, and should they be held to find their way back to the government, the purpose of the issue would be defeated. For this reason the Provincial Government will not accept them in payment of the government services such as telephone bills, or license, rates, stamps, etc. However, should a citizen find that he cannot pass on the bonds he receives, he has the privilege of turning them into the government and getting face value in Canadian currency, but in so doing that bond would be taken out of circulation and the purpose of the issue defeated.

A one cent stamp to be attached to each certificate every Wednesday and anyone receiving the certificates must see that the necessary stamps are affixed or he will be responsible for doing so.

Should a bond be returned to the government for redemption in currency it must bear the necessary stamps to date, or the amount will be deducted from the payment to meet the necessary arrears of stamps.

In closing, Mr. Foster explained that the bonds should be circulated locally as much as possible, so as to receive the full benefit of them.

If they are turned in to the wholesalers, they will no doubt immediately

## BANK OF MONTREAL CROP REPORT AS AT JULY 30TH

General—With crops continuing to deteriorate in most areas of the Prairie Provinces from lack of moisture, estimates indicate that the grain yields of the West will be lighter than for many years. The grain is ripening prematurely, and indications point to an early harvest. Cutting of early grains has already commenced in Saskatchewan and Manitoba and in the latter Province harvesting will soon be fairly general. Some rust infection is reported in Manitoba and Saskatchewan. In Quebec the staple crops have all made satisfactory progress. In Ontario general rains and cooler weather have been beneficial to all growing crops, but yields of grain, ruminant crops and early potatoes are fair to good.

Alberta—Crops generally very from below average to poor. In the north-west and north-central districts they are fair to good, having been improved by recent rains. Elsewhere there has been further deterioration from continued drought and some hail. Hay and pasture generally are poor, with serious feed and some water shortages in ranching areas. The sugar beet crop prospects are favorable.

## LONG YEARS AGO

August 5, 1920

Mr. Fred Poon was in Calgary last week and brought home an Overland car.

Mr. J. W. De Bloniere has purchased Mr. Hilbert Poon's farm.

Many of the returned men are getting back looking down on their farms on the Pope lease.

Mr. Nutt Cunningham is building a new house on his farm west of town.

Mr. Gottlieb Olshausen is building a splendid three-story residence on his farm south of town.

Mr. C. C. Tarocette is putting the finishing touches on his new store.

Redeem them in currency and the certificates will be taken out of circulation and there will be no further benefit from them.

Approximately \$250,000 of these bonds as payment for the gravelling of the road work in progress, should be circulating in Carbon within the next couple of months. To the business men it appears that the slogan will be "Take them if you can not rid of them." As it is not compulsory for the business men to accept the certificates, each individual will have to decide for himself whether or not he is able to handle them.

Mr. and Mrs. H. C. Willson and fam-  
ily motored to Calgary on Friday.

Julius Taylor arrived back in town  
on Tuesday.

Perry Johnson returned on Satur-  
day from a holiday trip.

Mr. and Mrs. H. McCrady and fam-  
ily, Mrs. E. J. Boudreau and fam-  
ily, Miss Alice Reed and W. Poxon  
spent Sunday at the home of Mr. and  
Mrs. W. Poxon in Drumheller.

Mr. and Mrs. Frank Sherry and fam-  
ily returned to Carbon on Monday  
and have taken up residence on the  
"Island".

—Young boy would like a job on the  
farm doing chores. Able to milk and  
willing to work for board and small  
wage—Apply to Box 128, Carbon.

Mr. and Mrs. Harry Woods and fam-  
ily, Mr. and Mrs. Dean Twiss, Mrs.  
W. J. Twiss and Lela Poole motored  
to Calgary on Sunday. Miss Poole  
will spend a week in the city.

Mr. and Mrs. E. Ball and Miss Ball  
of Edmonton have been visiting with  
Mr. and Mrs. W. H. McDonald for  
the past couple of weeks and expect  
to return to their home today.

Mr. and Mrs. Bruce Ramsay motored  
to Calgary on Tuesday. They  
were accompanied by Mrs. J. A. Ram-  
say and Mabel, who will spend a few  
days visiting with friends in Calgary  
and Medicine Hat.

The United Church Sunday School  
picnic which was scheduled for Wed-  
nesday, August 5, has been postponed  
indefinitely owing to the fact that the  
cases of Scarlet Fever have been re-  
ported.

—A number of subscriptions to The  
Carbon Chronicle are now due and  
available. If you haven't the cash we  
will accept "Prosperity Certificates" in  
payment of new subscriptions and ar-  
rars.

farm of P. J. Rock on August 10th, at  
2 p.m. Speakers: Dr. L. H. Newman,  
Dominion Cerealist; G. E. De Long,  
Agriculturist; W. T. G. Wiener, Cana-  
dian Seed Growers; Dr. Neatley and  
Dr. Fryer, University of Alberta. And  
there. Everyone Welcome.

THE CANADA YEAR BOOK 1936

The publication of the 1936 edition  
of the Canada Year Book is announce-  
d by the General Statistics Branch  
of the Dominion Bureau of Statistics.  
The Canada Year Book is the official  
statistical annual of the country and  
contains a thoroughly up-to-date ac-  
count of the natural resources of the  
Dominion and their development, the  
history of the country, its institutions,  
its demography, the different  
branches of production, trade, trans-  
portation, finance, education etc.—in  
brief, a comprehensive study within  
the limits of a single volume of the  
social and economic condition of the  
Dominion. This new edition has been  
thoroughly revised throughout and in-

cludes all its chapters the latest in-  
formation available up to the date of  
going to press.

Owing to the urgent need for econ-  
omy in the distribution of Govern-  
ment publications it has become neces-  
sary to make a charge to all individ-  
uals receiving the Canada Year Book.  
Persons requiring the Year Book may  
obtain it from the "King's" Printer,  
Ottawa, as long as the supply lasts,  
at the price of \$1.50, which covers  
merely the cost of paper, printing and  
binding. By a special concession min-  
isters of religion, bona-fide students  
and school teachers may obtain paper-  
bound copies at the nominal price of  
50c each.

## INDEPENDENCE OR NOTHING

WITH the aim to live on in service through the  
span of many lifetimes, to what can a newspaper  
bind its policy so that it may endure in strength  
and grow in the respect of its readers. Movements  
spring up like mushrooms over night and wilt in  
a day. Governments have their brief years of  
power and pass into the limbo of forgotten things.  
Companies and corporations wax and wane with changing  
policies and changing hands.

TO none of these things can a good newspaper be fettered.  
It is larger than all. It must have a longer view, a broader  
scope, a deeper inspiration. It is not a voice for the opinions  
of the few but a faithful echo of the great voice of the people.

IT must be free, it must be independent, to grow with the  
upward-striving national mind and to interpret faithfully  
the wishes of its citizens. Independence—or nothing. In-  
dependence is a newspaper's very life. Preserve that free-  
dom of the press and you keep a safeguard to your own  
liberty.

By all means form your own opinions, from unbiased  
columns. Your right to say what you think, your  
right to criticize freely—all these rights cherished by a  
free people are upheld by the independent newspapers  
of Southern Alberta.

Southern  
Alberta's  
Leading  
Daily
